Land Use Inspector's Report:

59 Plank Road – T. DeLoia reported that she sent a letter to the owner of 59 Plank Road for a follow up inspection. Mr. McLean responded and refused to allow her to inspect the property. T. DeLoia stated that there is no evidence of an inland wetlands violation at this time.

38 Cambridge Drive - T. DeLoia stated that the property owner of 38 Cambridge Drive failed to follow through with his agreement to remove the piles of construction debris placed within an upland review area and a conservation area. The Commission instructed T. DeLoia to proceed forward with a Cease and Restore Order.

30B Scott Road - T. DeLoia provided the commission with a letter she received from The Chesprocott Health District addressed to Anthony Dorso, 30A Scott Road regarding the curtain drain that had been installed on 30B Scott Road.

11 Brookwood Court – T. DeLoia reported that she inspected the property for the installation of a shed behind the house on the right side of the yard. T. DeLoia stated that there is a berm behind the proposed shed location and that the shed would be approximately 900' away from a feeder stream to the Moody Reservoir. After discussion, the Commission determined the proposed shed is outside of the regulated area and that no Inland Wetland Permit would be necessary.

Motion by M. Dalioia, seconded by C. Wentworth to adjourn at 7:30 p.m. **Unanimous.**
