Mayor Chatfield commented on the new road 'paintings' for crosswalks' and added that he is currently waiting for the 'signs' that will be placed on various roads to alert non-resident traffic users to take notice of residents and businesses stating 'please have courtesy to residents and businesses and not to block driveways'. A question was raised regarding the new CVS and road widening. Mayor Chatfield explained that Rte 69 would be widened to allow southbound traffic and a portion, at the top of Summit Road, may be widened.

Hughes advised that the EDC has been working on an incentive program for a tax abatement ordinance for new businesses. P. Hughes introduced commission member Larry Rifkin. L. Rifkin introduced the proposed ordinance which was based on Ordinance 93 of Wolcott, to the Council. The incentive would be to 'businesses with a construction cost of one hundred thousand dollars (\$100,000.00) or more in new or rehabilitated facilities'. L. Rifkin stated that the businesses to be included were 'manufacturing firms, facilities designed for management and administrative support business of activity located elsewhere, high technology firms, wholesale/distribution firms, new retail businesses and healthcare facilities'. Pilat stated that there are two different plans to cover the look of the air conditioning unit: to raise the parapets or to screen the area. S.
