Galvin advised that Mayor O'Leary asked the surrounding towns if they had availability for an additional 50 seats for students that the City of Waterbury would pay for, to give these students an opportunity to attend schools in the outskirts. T. Galvin stated that he had spoken with Region 16's Superintendent Mike Yamin who advised that it would be a decision made by the Region not by the towns. Superintendent Yamin advised that though the decision is somewhere in the future, he does anticipate that Prospect Elementary School would not be available, but Laurel Ledge, LRMS and Woodland Regional High School would.

Questions were raised as to the Audit Sub-committee meetings as the last one was held on July 28, 2016. P. Geary commented that the sub-committee would like to meet with the Town's Treasurer. Mayor Chatfield advised that the Town Treasurer is only available during the day. P. Geary commented that the sub-committee needs his input and the sub-committee would make arrangements to meet with him then.

A discussion took place regarding the Public Works fleet maintenance. C. Perugini-Erickson commented that she had received information from surrounding towns with regards to numbers for maintenance and truck repair. C. Perugini-Erickson stated that she would like to have a discussion comparing the surrounding towns and Prospect's numbers.

The Sidewalk sub-committee will be meeting on Wednesday next at 3:00 p.m. The discussion will be with Jerry Zitko from the Town of Cheshire. Mayor Chatfield advised that Milone & MacBroom will be constructing the sidewalks in front and on the side of Town Hall.

J. Slapikas gave the Council a new 'Draft' of the Town Ordinance for Property Tax Relief for Certain Elderly and/or Totally Disabled Homeowners. J. Slapikas stated that the Ordinance sub-committee contacted 169 towns, 79 responded: 54 towns do have a Tax Relief Ordinance, but 22 towns do not have one. J. Slapikas commented that after reviewing several ordinances, including Beacon Falls, some changes were made to format and years of residency; new: Residency – 1-5 years, Percentage of Tax Credits to be Applied 50% and 6 or more years @ 100% while keeping the 1.5 times 'those limits set forth for eligibility under CGS 12-129b and 12-170aa'. Mayor Chatfield questioned the change. T. Galvin questioned if the new ordinance allowed for annual review and adjustments without redoing the ordinance. J. Slapikas stated that the ordinance was final and 'set in stone' and if anything was to change after the 2017-2018 Budget, then it would be the next Ordinance sub-committee to change it. J. Slapikas also stated that the refunds are from the tax payers and no one else. Discussion. T. Graveline commented on section 5 of #6 Amount of Relief and questioned parcel of land and not principal residence. J. Slapikas stated that he will not call for a Public Hearing until the Council reviews the current 'Draft' and makes changes. J. Slapikas also stated that the comments made at tonight's meeting will also be considered. The next step will be, after all comments are made, to present at the next meeting to set a Public Hearing. Frank Conlin, 90 Sycamore Drive commented that he would like to see the relief be set at \$500.00 and

not \$400.00. J. Slapikas stated that the Ordinance sub-committee has gone above and beyond and commented that the Ordinance is to help the ‘seniors’. J. Slapikas continued that no one knows who will qualify and this is a starting point. T. Galvin thanked the Ordinance sub-committee for their hard work.

C. Perugini-Erickson commented that the last notices of ‘Grants’ that the Council received was for the time period of April 2 through May 2016 and she would like to have additional notices of ‘Grants’ that have been received, are up and coming or have been applied for.

T. Galvin stated that the Sidewalk sub-committee meetings will bring about new Ordinances for: Responsibility of Additional Snow – Removal and Liability.
