a. **Elaine Schieffer, 133 Cook Road – Application for a 29-foot variance of Section 3.2.4.1 to place a detached garage 21-feet off the front property line.** Elaine Schieffer and Raymond Carrington, 133 Cook Road appeared before the Board and presented an application for a 29-foot variance of Section 3.2.4.1 to place a detached garage 21-feet off of the front property line. Mrs. Schieffer provided the Board with a site plan showing the proposed location of the detached garage, a draft design of the structure itself and photographs of their home and tractor. Mrs. Schieffer stated that they would use the detached garage to store the tractor and its attachments in so they may use their existing attached garage to park their cars in, stating that they are getting too old to have to remove snow from the cars. Mrs. Schieffer stated that the variance is necessary because of the location of the septic system's leech fields and a large pond that is on the property. She stated that her lot is a rear lot and that her daughter lives in the house in front of hers. Mr. Carrington stated that the lot is over 4-acres and the driveway is 800 feet long so he uses the tractor for snowplowing. M. Byrne asked if there was a shed on the property. Mrs. Schieffer stated that they do have a shed and Mr. Carrington added that they store two lawn mowers and a tiller in the shed. N. Noujaim asked the height of the proposed garage. Mr. Carrington stated that it needed to be under 24-feet in height due to the Zoning Regulations but that he would have to ask his contractor for the exact height. After discussion, **Motion** by C. Montagano, seconded by N. Noujaim to accept Application 06-2015 of Elaine Schieffer, 133 Cook Road – Application for a 29-foot variance of Section 3.2.4.1 to place a detached garage 21-feet off the front property line. **Unanimous.** A public hearing was scheduled for Tuesday, August 25, 2015 at 7:05 p.m. A site walk was scheduled for Tuesday, August 25, 2015 at 5:30 p.m. Mrs. Schieffer stated that she would have the location of the proposed detached garage staked out for the Board's review.
